The Cape Sidecar Adventures fleet consists of 25 vintage CJ750s, a version of the 1938 BMW R71 sidecar. Since the mid-fifties the CJ750 has been manufactured exclusively for the Chinese Army using the same pre-World War II BMW specifications. Our models come with the original 1938 German-designed 'Flathead' 750cc boxer side-valve engine. All our sidecars are at least 30 years old and retain all the authenticity and nostalgia of days gone by.
