

# medicine time?

So simple, with this award-winning medicine delivery system.

ReliaDose® designed by a mum, works with your child's natural desire to feed, while ensuring complete and accurate dosing of medicine. The teat is dual-chambered, with the medication coming from the syringe in the centre, surrounded by your child's favourite drink, masking the taste. Simple, gentle and accurate.

Easy to use and accurate; masks the taste of medicine.
